

SEN. GRONNA, N. D., CALLS PEACE TREATY "UNHOLY ALLIANCE"

Assails Suppression of Dis- cussion and "Charac- ter Assassins."

By Associated Press Leased Wire
Washington, Oct. 24.—The peace treaty was assailed in the senate today by Senator Gronna, republican of North Dakota, as a violation of President's Wilson fourteen points and an arrangement likely to involve the United States in many wars. The league of nations he characterized as an "unholy alliance" which would make this country "the pack horse for the governments of Europe, Asia and Africa."

The ill-famed "Holy Alliance of 1815," he asserted was "as much superior both in spirit and form to this proposed covenant as the Master's Sermon on the Mount to the Book of Talmud or the Koran."

Recalling that he was one of six senators who voted against the declaration of war with Germany, the North Dakota senator said that some of those who now wanted the league conducted themselves at that time like "demons of war." Speaking of the situation when President Wilson asked for the war declaration, he continued:

No Freedom of Speech.

"No one was permitted to discuss it. The freedom of speech was not only limited but prohibited, and unless you were in a position and willing to say 'so sayeth the king' you were denominated as pro-German and a traitor. Even before the war was declared it was treason to express an honest opinion. I felt that sufficient information was not given by the administration to warrant this sudden change."

"I well remember how some of you who are now clamoring for this covenant which you say will give an immediate peace, were then acting as demons of war. We had to take orders from the chief executive, and regard less of whether we saw honest mistakes made or not, no one would be allowed to correct them. But now you say you hate war, and you believe in peace. You know as well as I do that this covenant will not be a promoter of lasting peace."

Hobbery and Theft.

Asserting that he had done his full duty during the war, Mr. Gronna went on to pay a tribute to the loyalty of citizens of foreign blood, although he said many had believed that "we should either have entered the war at an earlier time or else stayed out altogether."

He said he wanted to remind "character assassins" that the success of the war was not to be attributed to those who spoke longest and loudest. He added that foreign elements who "advocate destruction of government" or refuse to obey the law should be returned to their mother countries.

The league of nations, the senator said, would set up a super-government while the treaty's shunting provision would make the United States a party to "robbery and theft."

Paris, Oct. 23.—(Havas.)—Joseph Caillaux, former premier of France, appeared before the High Court this afternoon to answer the charge of intriguing to bring about a premature and dishonorable peace with Germany.

The ex-premier has grown thin during his long period under detention in prison and sanitarium, but he walked into the court today with a steady gait and without any display of emotion. The public seats in the chamber were occupied by an expectant crowd as the session opened.

A. J. Lockett transacted business in Chicago yesterday.

London, Oct. 24.—The bolsheviks are considering the evacuation of soviet Russia according to reports reaching General Denikine, a wireless dispatch received today from his headquarters says.

The reported plan is for the removal of the cabinet to Tashkent, after the abandonment of Moscow and the withdrawal of the troops on all fronts to Turkestan.

FRENCH EXECUTE THIRD TRAITOR AT 7 THIS A. M.

Pierre Lenoire, Bolo Pasha's Accomplice, Meets Penalty.

Paris, Oct. 24.—Pierre Lenoire, convicted on a charge of having held intelligence with the enemy, was executed at Sante Prison at 7 o'clock this morning.

Pierre Lenoire was the third person to be executed on charges arising out of attempts made by German agents to conduct a "defeatist" campaign in France in 1915 and 1916. The others who met death as a result of revelations made against them were Bolo Pasha, executed April 17, 1918, and M. Duval, who faced the firing squad July 17, 1918. Both were directors of the Germanophile newspaper Bonnet Rouge.

Lenoire who as a young man had led an idle and dissolute life, came into public notice early in 1918 when the arrest of Senator Humbert, owner of the Paris Journal was followed by charges against several men who were alleged to have acted as agents of the Germans in buying the newspaper from M. Humbert. It was shown early in the investigation that Lenoire had paid M. Humbert large sums of money which he had received from Germans and that Lenoire had received a commission of about \$200,000 for his work. The money handed by Lenoire came into France by way of Switzerland, a German agent named Scheller acting for Germany in that country.

Lenoire was doomed to death on May 8, 1919, and desperate, but futile efforts were made to gain a commutation of his sentence. Lenoire was removed to Sante prison after what appeared to be his last chance for life had vanished, but on Sept. 19, last, when the firing squad was in position and all preparations for his execution had been made, his life was spared for a time in a most dramatic manner.

His attorney asserted that Lenoire could give evidence wanted in the case of Joseph Caillaux, who was yesterday brought before the high court of the French senate on a charge of "conspiring to bring about a premature and dishonorable peace with Germany." Lenoire was given a searching examination by judicial officials but subsequently was announced nothing he had laid before the officials would justify a mitigation of the sentence of death passed upon him. An appeal to the court of revision was rejected an October 21.

WILSON HAS DRY BILL.

By Associated Press Leased Wire
Washington, Oct. 24.—President Wilson had before him today the prohibition enforcement bill, recently passed by congress, with an opinion by Attorney General Palmer as to the measure's constitutionality.

Interest in the President's action on the bill was heightened by reason of the fact that the wartime enforcement section, making illegal the manufacture or sale of liquor of more than one-half of one per cent alcoholic content, becomes effective with signature.

It was considered doubtful, however, by White House officials whether the President would be permitted by Rear Admiral Grayson, his personal physician, to consider the bill today. Dr. Grayson after the President sent message yesterday to the National Industrial conference ordered that no further governmental affairs be brought to Mr. Wilson's attention during the day. It was not disclosed whether the prohibition against activity would be prescribed today. The President, however, has until Tuesday midnight to act on the measure.

LLOYD GEORGE GOVT. BEATEN IN COMMONS MAY ASK CONFIDENCE

Adverse Vote Will Not Cause Government to Quit, Belief.

By Associated Press Leased Wire
London, Oct. 24.—Members of the Lloyd George cabinet are today considering the situation which has arisen as a result of the adverse vote in the house of commons yesterday when the government's amendment to the alien bill was rejected by a vote of 185 to 113.

Because of the fact there was only about half of the members of the house in their seats when the vote was taken, it is believed, the government will not resign but it is possible Edward Shortt, home secretary, who was in charge of the alien bill may quit office. Andrew Bonar Law, government leader in the house, secured a delay until Monday for his colleagues by moving an adjournment immediately after the result of the vote on the alien bill had been announced.

Mr. Bonar Law's declaration that any subsequent action by the ministry would "depend upon the view of the house of commons as a whole" may indicate an intention of the part of the government to ask for a vote of confidence at an early date.

HOUSING PROBLEM DISCUSSED AT MEET COMMERCE CHAMBER

The housing question, which has become serious in this city, was given considerable discussion at a meeting of about twenty-five of the active men in the Chamber of Commerce held Thursday afternoon, and while nothing definite was done to relieve the situation, plans were contemplated for securing a large number of new dwellings in this city to house the many families who come to Dixon each year.

It is stated that during the past year Dixon has lost a considerable number of new citizens simply because no homes could be secured for them in this city. The Chamber of Commerce will probably find a way to remedy this evil, and some plan may be determined upon at an early meeting.

New activity in the Chamber was contemplated at this meeting, and several schemes for enlarging the membership and scope of the organization were discussed. Yesterday's session was more in the nature of a post-war revival, and the fine spirit shown at the meeting was an indication that the Commercial club is about to enter a season of its greatest activity.

SALES PAVILION TO BE CLEANEST, MOST SANITARY IN STATE

No Odors of Any Kind to Be Possible, Says Assn. Member.

That much of the reported opposition to the Rock River Valley Sales Company's pavilion in Dementtown has been due to a lack of knowledge concerning the company's intentions for the property, is the belief of the men who have invested their money in making the sales barn the best in northern Illinois; and everyone of these men is of the opinion that when true conditions are realized all opposition will fade away and the people of Dixon will get behind them in their efforts to make Dixon the best known pure-bred sales center in northern Illinois.

One of the most active men in the association stated to a Telegraph representative this morning that conditions which existed at the first sale held by the association were due entirely to the haste with which it was necessary to get the sales barn ready, and that under no circumstances would those conditions be permitted at any time in the future.

The plans call for absolute cleanliness and constant use of disinfectants which will prevent any foul odors arising at any time. Furthermore no stock of any kind is to be permitted to remain in the sales barn any longer than two days after a sale—that limit being placed in order that purchasers from a distance may have reasonable time to secure shipping facilities.

Fine New Building

The new building, on which work is now progressing, was found necessary to care for the unexpected large herds which have been brought to the pavilion for the sales. It is to be erected on cement foundation and floors, is to have an exterior finish of Kellestone, which will be plastered inside with cement plaster. Its construction will be such that in no way can it be permeated with foul odors, and stock will be taken into only from the alley, the west entrance on Nachusa avenue to be for patrons.

The association now has a caretaker at the pavilion constantly and he will keep there at all times there is any stock in the barns. He will keep the barns and pavilion thoroughly cleaned and daily will wash walls and floor with disinfectant. The pavilion has been pronounced superb by many out of town buyers who have visited it and the promoters will leave nothing undone to win for it the same approval from the people of Dixon as has been given it by visitors.

Stearns, instructor in the manual training department. Supt. Reeder and Principal Potter were introduced and each accredited himself nicely.

But, she declared, those responsible for the "water cure" and severe shakings were discharged at once.

MINERS' STRIKE SEEMS CERTAIN; MAKE FINAL PLEA

Compromises Refused Both Groups — Wil- son Aid Asked.

By Associated Press Leased Wire
Washington, Oct. 24.—Final appeal was made direct to President Wilson today to prevent the strike of half a million soft coal miners, called for Nov. 1, after failures and operators, meeting jointly with Secretary Wilson, had turned down two propositions to negotiate a new wage agreement.

While on the point of breaking up, the two groups, heeding the plea of Secretary Wilson, agreed to return at 4 o'clock this afternoon to receive a message the secretary hoped to bring from the president.

The operators would not accept because the miners refused to withdraw the strike order and Mr. Wilson then came forward with still another proposal for settlement on which both sides immediately went to work.

This provided for a straight increase of 15 cents a ton for pick mining with an increase in the same ratio for machines and other classes of labor. The proposal also provided that there should be an eight hour day "from bank to bank" and a half holiday on Saturday, the agreement to be effective Nov. 1, and continue until March 31, 1922.

Some of the miners intimated that Mr. Wilson's new proposal would not be satisfactory, saying that they had been informed that the operators had been willing to grant an increase greater than 17 per cent, the rate in the secretary's proposal.

Both sides rejected the new wage proposal. Mr. Wilson then pleaded with leaders not to break up, but to return at 4 o'clock, stating that meanwhile he would get in touch with the White House. The meeting was held together while the two groups discussed separately what course they would take.

Coming out of the meeting, John L. Lewis, president of the United Mine Workers of America said:

"The outlook is less hopeful than last night. We are returning to hear what the president and the secretary might say, but there seems little chance of reaching an agreement."

Camp Taylor Troops Ordered Held Ready for Duty in Strike Dist.—"Trench Guns" at Gary

By Associated Press Leased Wire
Louisville, Ky., Oct. 24.—Orders have been received at Camp Zachary Taylor from the War Department, it was learned today, to hold four provisional battalions of infantry and machine gunners of the famous First Division ready for riot and strike duty.

The battalions will number 2,500 men. Col. Peabody, chief of staff is quoted as having said no actual entraining order had been received but the order to hold the troops in readiness indicated that the battalions might be sent to West Virginia and Pennsylvania.

Trench Guns At Gary.

By Associated Press Leased Wire
Chicago, Oct. 24.—Federal troops at Gary, Ind., today patrolled with trench guns, weapons of the sawed-off shotgun type. They were thus equipped by order of Col. W. S. Mapes, commanding the strike area under military control, after he had received reports that the infantrymen had been stoned by strike sympathizers. Col. Mapes said the troops would fire on attackers.

Elsewhere in the district the industrial situation was reported generally unchanged.

FOUND "REDS" BIBLE.

By Associated Press Leased Wire
Washington, Oct. 24.—Effect of the steel strike in Gary, Ind., and some side lights on anarchistic activities in the district were given the senate committee investigating the strike today. Lieut. D. C. Van Buren, an intelligence officer on the staff of Maj. Gen. Leonard Wood, commander of the Central Department, was the first witness.

"Our first interest in Gary," he said, came when chief of police Forbis came to Chicago from that city last spring with a request for machine guns and military intervention. He told us the "reds" there were planning to parade May 4th and start a revolution. Two names were given to us as those of leaders of the Anarchist Club at Gary as Ivanhoff and DeGeorge. They were Russians, or Austrians. DeGeorge was a chemist, and we learned later that he was operating near the Aetna explosive works outside of Gary, where gun cotton was available from the wastes outside of the mill."

Replying to Chairman Kenyon, Lieut. Van Buren said a report was made to the Department of Justice, but so far as he knew there had been no presence.

He added that the two men had left Gary.

Describing military intervention in Gary, the witness said "no one has even sustained a black eye since."

"We found in Gary after military occupation there, tremendous quantities of 'red' literature," he continued, explaining that local police and associations of citizens had prepared the way for raids on the storage places.

"The Bible of the 'red,' the anarchist and bolshevik," he said, "is the manifesto of the communist party of Russia, put out as what is known as the 'Third International,' which assembled at Moscow in March. Many thousand copies of this were in Gary."

Lieut. Van Buren read extracts from a booklet seized at Gary. It urged revolution upon all workers in all lands in the name of the "Conquering Proletariat of Russia," and said "open combat" was the only road to the redress of alleged grievances.

"All the radicals of the country are centering on the propaganda of Lenin and Trotsky," the witness continued. "I call to your attention the fact that it was printed in Chicago by the 'Arbiter Zeitung Publishing Co.' which is significant."

"Is this stuff going through the mails?" Chairman Kenyon inquired.

"Oh yes," Van Buren said.

"Well, it'd better be stopped if our government isn't to become impotent," remarked Chairman Kenyon.

"Are there any organizations in Gary which support this program?" asked Senator Phipps, republican of Colorado.

"Yes, I have a list of them," said the witness.

"It has been charged that this material was sent to Gary to create prejudice against the strikers," said Chairman Kenyon. "We only know we found it there," Van Buren returned. "These people who had it usually had a big picture of Lenin and Trotsky. We found literally thousands of these photographs."

It was reported to us that Richard Verhagen, vice president and treasurer of the steel workers council at Gary, was a revolutionist."

Lieut. Van Buren then read a transcript of Verhagen's examination before a military tribunal. Verhagen admitted belief in revolutionary tactics, opposition to the existing form of government and faith only in organization along the lines of soviet Russia.

Senate Interest is Centered Upon the Treaty Reservations

By Associated Press Leased Wire
Washington, Oct. 23.—Although nominally the senate still was in the midst of its fight over peace treaty amendments today, the real subject of interest among its members was the situation regarding reservations, brought by recent developments to a sharp issue.

Urging his amendment to equalize voting power in the league assembly Senator Johnson, republican of California, pleaded that the senate consider the question from a national standpoint only. Every other nation, he said, was acting in its own national interest and the United States could not afford to be the only country in the world acting on a disinterested and altruistic basis.

Under the treaty, he said, British colonies might secure places on the league council as well as the assembly, the way having been paved when the peace conference fixed their status as that of "separate, district and sovereign states."

ASKS ABOUT CELEBRATION.

Editor Telegraph—Where is our Commercial club or the men at the head of the much-talked-of home coming for our soldier boys? Have they forgotten Lee county furnished over 1,500 boys in the world war so soon? It seems to me that if we are to have a home-coming celebration on November 11 it is time something was done to start the ball rolling. We do not want Rochelle and Forrester over in Ogle county to point their fingers at Dixon and cry "slackers," and it surely looks as though we are. It does not seem as though Lee county boys should be forgotten by the county seat entirely. Start something quick. "INTERESTED."

Shipping Boards in Ultimatum on Strike

By Associated Press Leased Wire
New York, Oct. 24.—New York's longshoremen today faced an ultimatum by the United States Shipping Board that if they did not return to work by 5:30 o'clock this evening, the board would undertake to end the long tieup of shipping by loading and unloading its ships with men brought here especially for the purpose.

T. V. O'Connor, president of the International Longshoremen's Association said he hoped the men would return to work by the time the ultimatum was issued. Some of the unions which are opposed to O'Connor, however, have voted not to return until their grievances are definitely settled. About 3,000 men out of 40,000 on strike were at work yesterday.

AFTER HUSKING RECORD

Lon Buchanan, employed on the farm of George Miller, near Compton, is planning this week to make an attempt to break the state championship record for corn picking. In lumbering up for the contest he picked 130 bushels Saturday between 8 a. m. and 5 p. m.

Some day this week he planned to try to husk 200 bushels of corn in one day by having Mr. Miller haul the corn away and furnish him with another wagon. His employer is of the opinion that he can do it as Buchanan has a system about his picking which is like machinery.

Mr. Miller states that Buchanan picks the corn clean and does not leave an ear of corn in the field. He is not a large person nor does he appear to work fast, yet he keeps the ears pounding against the bang boards.

On payment of a small deposit Chase & Miller will make any portraits you wish, and keep them until you want to send them out at Christmas time. If taken this week there will be one large picture free, with every dozen.

M. D. Harvey, a prominent Amboy farmer, was in Dixon Thursday on business. Mr. Harvey is planning to have a big public sale.

Prevent Spanish Influenza By Anointing Nose

Prominent Middle-West Health Official Makes Important Announcement in Connection With Treatment of Bronchial Troubles.

If you really have Spanish Influenza, do not attempt self-treatment with home remedies. Go to bed immediately and call a physician at once.

But there are preventive measures which can prevent your being attacked by this malady. Men-Tho-Eze has proven efficacious in cases of the treatment of sore throat, la grippe, tonsillitis, bronchitis, colds and all troubles resulting from congestion of the lungs and bronchial tubes. Here is a plain statement of the Board of Health of a prominent middle-west state.

This physician maintains that Spanish Influenza is like sore throat, la grippe, tonsillitis, bronchitis, colds and similar troubles in that it is caused by infection of the nasal passages. He recommends preventing this—and hence, largely preventing Spanish Influenza and other maladies—by keeping the nasal membranes moist and pliable by means of some oily antiseptic application.

Men-Tho-Eze is a scientific combination of grandmother's old-fashioned goose grease and turpentine and the medical wisdom of China, which gave us wintergreen and menthol. It has proven a remarkable remedy for colds, catarrh and la grippe. Letters have been received from Spanish Influenza sufferers who have used Men-Tho-Eze with beneficial results.

Men-Tho-Eze should be in every home. An application in time will often save a doctor bill.

In opal jars, 30c and 60c.
For sale by all druggists. Laboratory Address: Men-Tho-Eze, Fort Dodge, Ia.

HALLOWEEN CLASS PARTY—

With the parlor of St. Paul's church
gay with Halloween decorations, the
members of the E. R. B. Class met for
the monthly meeting. Business, which
among other matters consisted of plan-
ning for a fancywork and baking sale
to be held on November 8th, was quick-
ly disposed of and the members free to
enjoy a most entertaining program.
Miss Helen White gave a piano num-
ber; Cecilia Raffensberger entertained
with a reading, and two fortune tellers
foretold of coming good or ill. About
thirty enjoyed the affair. Pumpkin pie,
doughnuts, coffee and apples composed
the seasonal refreshments.

BULGARIA'S TIME IS UP
By Associated Press Leased Wire
Paris, Oct. 23.—The extension of time accorded to the Bulgarian peace mission to reply to the peace terms submitted by the allied governments will expire tomorrow. Tiedoroff which recently returned to Parga has brought the Bulgarian answer and that it will be communicated to the supreme council tomorrow.

GRACE U. E. NOTES.
Last evening's meeting at the Grace Evangelical church in the series of special prayer services, the pastor, Rev. C. G. Unagst, expresses as the best meeting in attendance and in visibility of results that had been held this week. The pastor spoke on "God's Speaking Intercessor." He used some very striking quotations from the writings of Dr. F. D. Gordon, some of which are given below:

"The greatest thing anyone can do for God or for man is to pray."
"All prayer is God's opportunity to get into a world that would shut him out. Prayer opens the whole planet to a man's activities."
"Prayer is striking the winning blow at the enemy."
"The great people of the earth today are the people who pray."
Many people in the congregation confessed humbly that they had grown cold in the spiritual life and that they had neglected to pray and to read the Bible. The church is beginning to get a new vision of herself.
Rev. B. R. Schultz will preach to-night at 7:30.
A special prayer meeting will be held on next Tuesday night.

REVIVAL SERVICES.
The special services at the Brethren church will continue until Sunday evening. Rev. Mr. Snell has been delivering powerful discourses upon very practical and important themes. The subjects for the following evenings are:
Friday—"Feast of Belshazzar."
Saturday—"Prepare to Meet Thy God."
Sunday Morning—"God's First Question."
Sunday evening—"A Rascal Turned Saint."
Come and receive the benefit of these splendid discourses. The services will likely close with Sunday evening.

ROCKFORD OFFICER HERE.
Officer M. H. Curran of the Rockford police department was in Dixon last evening and visited with Robert "Sweet Lips" Loftus and Clifford Henry at the county jail. Both men have served sentences in Rockford on charges of vagrancy and are said to be suspected of a number of jobs in the Winnebago county seat.

CONTINUED AUTO TRIALS.

The case before Judge Hugo Pam in the criminal court of Chicago where six Dixon men were subpoenaed against Frank Permarito, Frank Romando, Mike Gordini and Tommy Pape for the theft of a Buick automobile last spring, was continued yesterday morning until the December term of the court. Three of the men are out on bonds of \$50,000, one of the quartette having been obliged to remain in jail since his capture near Franklin Grove on April 29. Permarito, who is better known to

the Chicago police as Frank Reo, was before Judge Pam Wednesday on trial for holding up the American Cutlery company offices late last February. A jury was called in the case and yesterday morning brought in their verdict acquitting him. The Dixon men returned home last evening.

SANDRA THE JEALOUS

By JANE PHELPS.

ROSE THINKS SHE IS LUCKIER THAN I.**CHAPTER CVII.**

Mr. Grandon wrote, entirely exonerating us from any blame for Rose's elopement.

"She has always been wilful. We will hope and pray she may be happy," he had said as he closed his letter to Everett.

I had packed and sent her trunk to Chicago. Also I had written her a long letter. In her reply she had said she was so happy that she had no room for regrets even if she had made me and Everett cross.

"I didn't think anyone in the world could be as happy as I am," she had been married a week when she wrote this. "Walter is the dearest thing. And I am absolutely first in his affections. He never has loved any woman before—never wanted to marry anyone, even if he is almost thirty. That seems young compared to your husband, doesn't it? But to me the great thing is that I am the only one, the first. No warmed-over affection in mine, Sandra." There was much more, all in praise of Walter.

Without thinking, I handed the letter to Everett to read, then would have taken it back, had I dared, because of what she had said about being first in her husband's affections.

I watched Everett's face as he read. I saw something very like a sneer, then a look of pity upon it.

"Poor girl," he said as he laid the letter down. "I hope she never will be deceived. But as to being first with Kemp—thinking she has no 'warmed-over affection,' as she expresses it—his affections, or what he gives that name, have been hashed over so many times that I doubt if any remain. But, as I said, we can only hope for the best."

Someway, after Rose left I was happier than when she was with me, altho I had enjoyed having her. I spoke of

this to Everett, and he replied:

"In the three years you have lived in a different environment you have grown, Sandra. It may be that because I am old—as Rose said—that you, too, have grown older in mind than you would had you married a man nearer your own age. You have learned to fill the hours with things worth while—many of them. An idle person, one who wastes the golden days in foolish running after pleasure, is never really happy. I do not mean that we must not enjoy ourselves; a certain amount of pleasure, of play, is as necessary as is the work. But to think of nothing else, as some men and many women do, is absolutely demoralizing."

"I hope I can learn to keep house well, Everett," I said apropos of nothing in his remarks. "Mrs. Gray is teaching me, in case I should have to manage without a housekeeper. I am practically housekeeper a number of hours every week."

"That's fine, Sandra. I scarcely believe it will ever be necessary, but it is something every woman should know. I had intended proposing just what you have done of your own volition when you were a little older. It is hard to have good servants unless you under-

stand their duties. We might lose Mrs. Gray or some of the others, then you would find the house did not run as smoothly, and it would annoy us. Then, too, I have a queer theory, Sandra, that every man is entitled to comfort in his home. And he cannot have that unless his home is well managed, whether he is rich or poor."

"Mrs. Gray says I am very apt."

"You should be with such a mother."

I was delighted that Everett so liked my mother. Since her visit he never missed saying nice things about her whenever we talked of domestic affairs, or of capability in a woman. It made me feel so much nearer to him to know he liked my people.

After this talk with Everett—we had many serious little conversations in the months after Rose had visited us—I tried harder to learn the running of a home, and also applied myself to my lessons with Mrs. Barr with renewed interest. I would make myself a companion for my husband! I would make him proud of me, even if he didn't love me as he had Leola.

SAY WOMAN HAS MISSING BABY BOY

By Associated Press Leased Wire

Hammonton, N. J., Oct. 23.—A woman kidnapper is in possession of missing Billy Dansey somewhere in the middle west. Prosecutor Gaskill made this assertion today. Information received by his investigators from a passenger on a railway train leads to this belief, he said.

The 3-year-old child wandered away from his home near here fifteen days ago. Since that time a country-wide search has been in progress.

Misses Margaret Reilly and Helen Gorham went to Chicago this morning for a short visit.

French, Governor of Ireland, Attacks the Sinn Fein Movement

By Associated Press Leased Wire
London, Oct. 22.—Speaking at Walsley, Cheshire, tonight, Field Marshal Viscount French, Lord Lieutenant and Governor General of Ireland made a bitter attack upon the Sinn Fein government of Ireland. Among other things he said:
"The self-constituted, illegal and insane Sinn Fein government is possessed of a great secret army called the 'Irish Volunteers,' to which are attached assassins whose business it is to murder police and soldiers who question their decrees in any community.
"The people are frightened into screening the offenders and courageous efforts on the part of the police are abortive. We are anxious to give self-determination and to be faithful and just to all but little can possibly be done until law and order are established. When the people hear the 'coercion' I hope they will consider the matter in a just light."

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

OVER-EATING

HEADACHE

Caused by
Acid-Stomach

Yes, indeed, more often than you think. Because ACID-STOMACH, starting with indigestion, heartburn, belching, food-repeating, bloated and gas, if not checked, will eventually affect every vital organ of the body. Severe, burning, splitting headaches are, therefore, of frequent occurrence as a result of this up-set condition.
Take EATONIC. It quickly banishes acid-stomach with its sour, flat, pain and gas. It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This often causes rheumatism, biliousness, dizziness, liver trouble, heart trouble, ulcers and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.
If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid-stomach.
In EATONIC you will find the very help you need and it's guaranteed. So get a big 50c box from your druggist today. If it fails to please you, return it and he will refund your money.

Corn Prices Showed Moderate Advances

By Associated Press Leased Wire
Chicago, Ill., Oct. 24.—General commission house buying together with lightness of offerings led to quick advance today in the corn market. Forecasts of rain or snow were bullish factors, and so too were current estimates indicating a shortage of potatoes and meats. Prospects of a government move to end the shipping tieup at New York counted also as a stimulus to buyers. Opening prices, which ranged from 1/4 to 1 1/4 higher, with Dec. 1.25 1/4 to 1.26 1/4 and May 1.23 1/2 to 1.24 1/2, were followed by moderate further gains.

Oats were firm with corn. After opening 1/4 to 1/2 higher, including Dec. at 71 1/4 to 71 3/4, the market held at about the initial range.
Renewed strength in the grain and hog market steadied provisions. Business, though, lacked volume.
Later the advance was checked by selling ascribed to traders who yesterday were conspicuous but the close was unsettled 1/4 to 1/2 net higher, with Dec. 1.26 1/4 to 1.26 1/2 and May 1.23 1/2 to 1.24 1/2.

PALMYRA AID MET—
Mrs. Demorest entertained the Palmyra Mutual Aid society at her home Wednesday. The house was very prettily decorated in Halloween motifs and the twenty-two members and several guests of the society spent the day most happily. At noon an exceptional good repast was served with a huge jack-o'-lantern as the table centerpiece. The usual business session was held in the afternoon and as a program number Miss Carrie Swartz read a paper on tobacco and its effects. Everyone enjoyed her paper. The president conducted a question box which also elicited much of interest. The next meeting will be held in two weeks with Mrs. Elwood Shawger.

The regular meeting of the Mystic Workers of the World will be held this evening in the Miller Hall. Arrangements for the bazaar they are going to give, will be arranged and a full attendance of members is desired.
